ENVIRONMENTAL, HEALTH AND SAFETY POLICY STATEMENT

This Policy expresses the commitment of Hyperworks Petroleum Limited (HPL) to the protection of the environment, workers' health, security and safety, our customers and the communities in which we operate. HPL is committed to comply and support this Policy as stated therein.

HPL is committed to implementing high standards of environmental quality and safety in the workplace. This commitment extends to all personnel, employees, sub-contractors and customers working at its locations and the community in which we operate. In accordance with this commitment our Company's policy is such that (non-exhaustive):

- We will comply with all applicable laws, regulations and permits and conform to the OSH Act 2004 as amended in 2006 and HPL EHS Standards.
- We will subscribe to mandatory environmental preservation and pollution prevention laws.
- We will provide a safe, healthy and well-designed place of work for all employees.
- We will assess profession and location to work diligently towards the prevention of all accidents.
- We will support sustainable development, the responsible use of natural resources and energy conversation
- We will continuously audit our operations and report findings towards achieving excellence.
- We will consult with our employees on matters affecting their health and safety.
- We will ensure all our employees are competent to perform their task and to give them adequate training.

HPL believes that prevention of accidents and ill health, and protection of the environment are essential to the efficient operation of its business. The company is committed to high standards of health, safety and environmental protection; these aspects command equal prominence with other business considerations in the decision-making process.
